

***Where Visibility Matters***

## **Hinge Window**

The Hinge Window is a very economical deer stand window that mounts inside over your existing opening with ease. Made from a fully weather-stripped aluminum frame in which double strength glass is marine glazed into, this window will protect your blind from all unwanted pests, and acts as a great wind block. This window can also be mounted in our Blind Door for that little extra visibility. This style of window allows access to the entire opening.

This window can be hinged vertical for bow hunters (swinging left or right), or hinged horizontal for rifles (swinging up or down).

**Options:** Clear or Gray glass

### **Standard Sizes:**

- 12" x 10"      • 12" x 12"
- 24" x 10"      • 24" x 12"
- 36" x 10"      • 36" x 12"
- 48" x 10"      • 48" x 12"

I.E.: If your opening is 11" x 11", the recommended window dimensions would be 12" x 12"  
Custom sizes are available upon request

## **Slider**

The Slider window is a horizontally mounted twin sash sliding window. Giving you the option of opening either end or lifting both sashes out giving you access to the entire opening. This window can be mounted from the inside or outside of your blind.

**Options:** Clear or Gray glass

**Standard Sizes:** • 16" x 11.5" • 24" x 11.5" • 36" x 11.5" • 48" x 11.5" • 60" x 11.5" • 72" x 11.5"

## **PW Slider**

The PW Slider is a horizontal mounted operating window with three sashes. With the middle sash being fixed the outside sashes sliding towards the center. This window can be mounted from the inside or the outside.

**Options:** Clear or Gray glass

**Standard Sizes:** • 24" x 11.5" • 36" x 11.5" • 48" x 11.5" • 60" x 11.5" • 72" x 11.5"

## **Single Hung**

The Single Hung window is a vertical style operating window. With one operating sash and one fixed sash. It can be locked in the closed position or raised in three inch increments. This window can also be mounted in our Blind Door for that little extra visibility, or by removing the screen wire it makes a great rifle window. This window also can be mounted from the inside or outside.

**Options:** Clear or Gray glass

**Standard Sizes:** • 12" x 24" • 16" x 24" • 24" x 24" • 24" x 36"

## **Single Sash Track Slider**

The Single Sash Track Slider is a single sash in a track frame twice its size allowing you to move the sash over your opening or away allowing access to your entire opening. This window can be mounted horizontal or vertical.

**Options:** Clear or Gray glass

## **Standard Sizes:**

Dimensions are by shooting area

- 12" x 11.5" (Actual frame dimensions 24" x 11.5")
- 18" x 11.5" (Actual frame dimensions 36" x 11.5")
- 24" x 11.5" (Actual frame dimensions 48" x 11.5")

## **Blind Door**

1 3/8" thick x 3 1/4" wide Heavy gauge aluminum frame with a plywood insert. This door has five hinges, solid aluminum gussets in the corners and is fully weather-stripped, also has an adjustable bottom expander with dual vinyl sweeps. For that little extra visibility you can add one of several window options.

(Door pictured is with an Optional Single Hung Window.)

**Options:** Key lock, Hinge Window, Single Hung Window, or Track Slide Window

**Standard Size:** • 30" x 72" • Custom sizes available
